PEAK SEASON SURCHARGE

Date: 1st March 2020

Dear Valued Partners/Customers,

In view of the current and ongoing issues in China, causing majority of the carriers' capacity issues and also a high demand for space, all carriers are implementing a Peak Season Surcharge (PSS) to East bound rates ex Europe to the Far East, South East Asia & Australia.

Therefore, effective from 1st March 2020 all DRY boxes as per B/L date shipped on or after 1st March 2020, the PSS will be applicable and this would be valid until further notice.

We would like to take this opportunity to thank you for your business with Penanshin Shipping and look forward to continuously serving your needs.

Should you have any questions, please do not hesitate to contact our sales representative.

Yours Sincerely,

Management of Penanshin Shipping
