**SSC Dubai Advisory**  
**Mandatory ECTN for shipments to Djibouti**

Dear Customer and Agent,

Please note we have been informed by Djibouti Ports and Free zone authority that the ECTN will be officially launched from **15th June 2023**.  
 This will apply to all import shipments with a BL date of 15th June and after.  
 Any shipments already on route to Djibouti will not be affected as BL was issued prior to 15th.

The ECTN will be applied on container level by SSC Consolidation LLC. Dubai and the ECTN number has to be mentioned on the carriers MBL.

To obtain the ECTN we need the following documents from shipper:

- Bill of Lading
- Commercial invoice
- Packing list

If the above is not available upon delivery of the cargo in our warehouse, we will not be able to load for export to Djibouti, this to avoid manifest correction charges at destination.

ECTN charges applicable from ETD 15th June 2023 will be USD 30 per HBL.
